OPUS

Universal hinges - Tripods
Mountings and adaptors

TECSUP proposes the universal hinge mounting for the OPUS projector range and accessories, adapted to various conditions of use : area lighting for emergency or military interventions, punctual lighting for industrial sites, work site lighting, trade show and event lighting... Easy to install on the back of the projector, the hinge multiplies the possibilities to use each OPUS : on the ground, on a tripod, on a vehicle, a wall or even on scaffolding.
